

# Have a child under 5?

## We want to hear from you!

Design Impact is partnering with Pre-K Works to gain a better understanding of the child care and educational needs of families with children **ages 0 to 5**.

### How can I help?

We value your input and want to hear your story! We'll sit down with you to chat about your life and your child's experiences learning and growing. Your story and the stories of others in your community will inspire new ways of supporting children and their families in accessing high-quality early learning experiences.

### Time and Payment

An interview lasts **1 hour** and you will receive a **\$20 Kroger gift card**.
