Free Lunch—Free Child Care

Are you raising a child who is a relative (i.e. grandchild, niece, nephew, sibling, etc.) and sometimes wonder where you could receive some support? Do you know someone who is raising a child who is a relative and they have asked you where to turn for support? If you answered yes to these questions, this luncheon is for you!

Nearly 70,000 children in Kentucky are living in households headed by grandparents or another relative. If you are one of them, you are not alone. Please join us for FREE luncheon that will provide you with an opportunity to ask questions, learn about great resources in our community, and to meet other caregivers like you.
