

TITLE I Teachers: Mrs. DeMoss, Mrs. Guenther, & Mrs. Barnes

Welcome to Reading Intervention! Our staff is excited to work with your child. We strive daily to help children reach their fullest potential as readers. Our intervention instruction is designed to build on and reinforce classroom instruction. It does not take place of the regular classroom lessons.

Those students identified to participate in a reading intervention receive an additional reading program during their classroom's RTI block. All reading programs we use are research based and some include Early Success, Voyager, Orton Gillingham, Read Naturally, System 44, and Read 180.

Please help your child at home by encouraging him/her to read daily. It may be wise to establish 20 extra minutes into your child's nightly bedtime routine. All students should be reading Accelerated Reader titles to help meet their classroom goal and work on passing specific grade level sight words. You may find links about both on our School's Home Page. It is important that you encourage your child to use reading strategies to decode unknown words and if possible ask questions or have him/her summarize the story.

We know the road to success requires a consistent collaboration between home and school. We are here to offer our support at any time. Please feel free to contact us with questions or concerns and we look forward to working with you.

Thanks,

Lynn DeMoss & Elizabeth Guenther
