COVID-19 TESTING OPT OUT FORM

Staff, Parents, and Guardians,

The Kenton County School District will be implementing a COVID-19 testing program for school staff and students if community transmission reaches the "critical" phase of >25 cases/100,000 people daily.

In the event community transmission reaches the "critical" phase, COVID-19 testing will occur weekly on 10% of randomly selected students in 2nd to 12th grades and staff.

The KCS D understands the importance of confidentiality and privacy of educational and protected health records. The Family Educations Rights and Privacy Act section § 99.36 Health and Safety Emergencies permits the disclosure of COVID-19 positive test results to our local Health Department.

While it is our expectation that everyone participate in this testing program, we recognize that some staff/parents/guardians do not want to participate in this program. You may opt out of random testing by completing and returning the section below.

If you have additional questions contact the Director of Health Services, Paula Rust at (859)344-8888 or at paula.rust@kenton.kyschools.us .

I choose to opt out of random COVID-19 testing for the 2020-21 school year. Only one response per returned form.
