

# Programs for the fall for Ryland Heights Elementary

## **Introducing me!**

My name is Madeline Finn and I am the new coordinator for the programs for this school year. I am excited to get to know the staff and children in these programs! I have worked at the camp programs at both the Cincinnati Museum Center and the Cincinnati Nature Center. I also spent a year being a Cast Member at the Walt Disney World Resort in Florida. So working with children and education is a passion of mine. This is going to be a great year for programming!

## **Covid Restrictions**

Like school and many other aspects of our lives at the moment, there are restrictions put in place to help slow the spread of Covid-19. There will be assigned seats by grade, and each student will be wearing a mask, unless they are eating or taking a drink. There will be masks provided if they could not provide their own. There will also be hand sanitizers for students to use before and after programming and everything will be disinfected after programming. There will be times where we will try to get the students (outside if weather permitting also) to be able to take a mask break. Even with these restrictions, fun will be a priority also!

## **Before School Program Procedures**

Drop off will be around the back of the building and be between 7-7:15. We will have our own door for drop off. Madeline (me) will be standing outside to greet and check in everyone. There will be programming once everyone is there, and the students will be dismissed at 8:30 to their classrooms.

## **After School Program Procedures**

Once school ends at 3:30, students will come down to the library. They will be seated by grades. A snack will be given to every student when they come after school. There will be teachers helping with homework for the first hour. Once this Homework Help hour is over, it is the first time for pickup (4:40).

If students stay, the next hour is programming/enrichment. This may look different than programming in the past for the first couple weeks due to Covid. After the hour of programming/enrichment is the second time for pickup (5:40). Both times for pickup will be located at the back of the building, at the door to the library. When picking up, please have an ID ready so we make sure the students go home with the right people!
